IRON OAK
HOMES

Welcome to the newest floor plan being built in Crescent Lake, Middleton's gorgeous waterfront community! This stunning 2-story home, the "Kaylie" features space for everyone with plenty of bedrooms, a large bonus space, plus an at-home office! Iron Oak truly outdid themselves with this floor plan and finishes! Enjoy modern trim work such as coffered ceilings, crown molding, accent walls, or ship lap. All homes come with upgraded granite or quartz countertops, high-end appliances, luxury lighting packages, built in mud rooms, soft close cabinets to the ceiling, and large pantry. With low voltage pre-wiring, it's easy to add your own surround sound after closing. All garages come pre-plumbed with a water softener loop and utility sink. There is so much for you to see and love about this community! Stop by anytime and view this home. The "Kaylie" is a new floor plan still under construction so there are no finished photos of this home.
